Plaintiff respectfully requests the Court to File Pro Se

Defendant Has already made an offer to resolve this case. The document had some verbiage that I felt was not in my or my company best interest and will work with defendant to resolve. I was unable to find new representation so will work with defendant attorney to resolve this matter with intentions of not having to take this matter to court. I was unable to find representation filed for additional time for a third time and was denied and received the letter before holidays so would like to move forward and resolve this as soon as possible via PRO SE. I have created a PACER account and ready to move forward. Thank you for your time.

This the 3rd day of JAN 22
